

# Art planet project ,By sana & yosra

**Status update:** So far, we've built the database, including our tables, and connected it to the code.

**Our work plan from here:**

iteration	date	description
1	29.1.2024	- <u>completing all the back-end</u> :backend development of the website(database,servers,...) - <u>sign up page</u> :allows new users to create accounts on the website. - <u>sign in page</u> :existing users enter their credentials.
2	7.2.2024	- <u>home page &amp; nav bar</u> :Home Page providing an overview of its content or services and the Navigation Bar typically contains links to important sections.
3	18.2.2024	- <u>all products page &amp; searching</u> :Page that showcases a comprehensive list of available products and the searching functionality allows users to quickly find specific products. - <u>about us</u> :page that provides information about the business. - <u>contact us</u> : offers users a way to communicate with the business
4	29.2.2024	- <u>all about the workshop</u> : dates, details, registration and more.. - <u>View Cart Page</u> :Page that displays a summary of items selected by the user for purchase
5	7.3.2024	- <u>order updates page</u> :provides users with real-time information on the status of their orders. - <u>payment page</u> :where users enter payment information to complete their purchase.
6
